NORTHGATE UNIVERSITY
DEPARTMENT OF URBAN SYSTEMS
MSc URBAN SYSTEMS - APPLICATION GUIDANCE 2026/27

Documents required from every applicant
1. Two letters of reference, sent directly by the referees.
2. Official transcripts for all previous degrees.
3. A curriculum vitae in the department’s academic format.

Curriculum vitae
The department expects an academic CV, not a one page resume. The faculty exemplar circulated together with this guidance illustrates the expected structure: education, research positions, publications, teaching, grants and service. Applicants should follow that structure and keep the document to eight pages or fewer.

Selection timeline
Applications close on 15 January 2027. Shortlisted candidates are invited to an online interview in February, and decisions are released in March 2027.
