Candidate: Jonas Halvorsen
Position: Summer Research Intern, Urban Data Lab
Date: 28 October 2026
Panel: A. Castellan (chair), H. Okafor, M. Adeyemi

Technical assessment
Strong SQL and geospatial answers. Correctly identified the mains distinction in the sample parcel table. Discussed trade offs in coordinate systems without prompting.

Motivation and fit
Clear about wanting a policy facing project. Asked good questions about how the lab documents data provenance.

Communication
Concise and structured. Written sample was well edited.

Panel recommendation
Recommend offer. Ranked first among the four shortlisted candidates.

Next step
HR to confirm employment eligibility documents before the offer letter.
